

WELCOME TO THE PREMIERE E-BUSINESS NETWORK FOR BUYERS AND SELLERS IN THE OIL INDUSTRY.

BulkOil was created in 1998 with the vision of connecting buyers and producers/sellers of Vegetable Oils, Essential Oils and Biodiesel over the Internet.

Since its inception, **BulkOil** has significantly increased oil professionals' international business opportunities by helping sellers expand their export market, and buyers locate producers and sellers from around the globe.

After over 10 years on the Internet as a free B2B trade portal for Vegetable Oils, Essential Oils and Biodiesel, we are pleased to welcome you to the *NEW BulkOil*.

Inspired by the commercial visibility and success that our customers have achieved from **BulkOil**, we have embarked on new challenges to broaden our offering. No longer is **BulkOil** a spectator on the sideline, but a legitimate competitor who has positioned itself for leadership.

Thanks to a joint venture with a group of IT industry professionals, **BulkOil** has developed and enhanced the portal with new products and services.

Our new and advanced technology will facilitate the interaction and communication between oil professionals more than ever.

Check out what **BulkOil** now offers:

Safer Transactions:

- ✓ Certification and authentication of our users to reduce the risk of fraudulent posts and identity theft;
- ✓ Escrow service to ensure payment upon delivery to both buyers and sellers;
- ✓ Encrypted mail for registered users.

Quick and Effective Sourcing:

- ✓ Advanced search options based on types of oil, characteristics, price, quality etc.
- ✓ Classification of users by BUYERS and SELLERS;
- ✓ Several Membership options: develop your network and business opportunities with annual subscription membership options.
- ✓ Notification via e-mail or SMS of sales and purchase posts based on the predetermined parameters set by the user.
- ✓ Brokerage, commercial and auction service for oils and equipment.
- ✓ **Industrial and Service Guide (BulkOil Directory)**: the most comprehensive reference source of companies operating in the oil industry.
- ✓ **Equipment and Services**: a section of our website where you can sell or purchase capital goods such as plants, equipment, components (NEW or USED) and services;
- ✓ Product oil: find over 200 oil varieties on our catalogue.

Industry Info:

- ✓ Access to Vegetable Oil Stock Exchanges worldwide.
- ✓ Daily news with industry reports and updates.
- ✓ All the main Exhibitions, Conferences and Events relevant to the oil industry.

Marketing:

- ✓ Creation of Virtual Catalogues.
- ✓ Translation service of sale and purchase posts for oils and equipment.
- ✓ Advertisement banners on **BulkOil** website.
- ✓ Privileged posts for maximum exposure in the **BulkOil** showcase to enjoy a greater international visibility of your company and your posts.

Merchandise Inspection:

- ✓ Pre-shipping inspection and final control service of the oils and equipments.
- ✓ Inspection for standardization of oils at the cargo phase and final control service.
- ✓ Laboratory tests: analytical tests (chemical-physical and microbiological) of oil, carried out by qualified external laboratories.

Customer Service:

- ✓ Assistance from Account Representatives in 5 languages (Italian, English, French, Spanish and Arabic) 8 hours per day, 5 days per week to evaluate the best sale/purchase solutions and opportunities of your oils/equipment/accessories/services.

We are now ready, let's grow together!
